Welcome, esteemed Tadpoles! We hope you thoroughly enjoy the storied routes in your division throughout all four areas, which you will see on the reverse of this page. You may record three core routes per area and one project total, up to 5.12a. *Only one route from that most accursed of crags, the LTW, is permitted!* You will receive points for sending as well as for completing a route in one or two hangs. When tabulating your score, apply the correct multiplier to the route's base value. See tables to the left.
