Welcome, esteemed Bobcats! We hope you thoroughly enjoy the rarified routes in your division throughout all four areas, which you will see on the reverse of this page. You've certainly picked a doozy of a division! You may record three core routes per area and one project total, up to 5.14a. *Only one route from that most accursed of crags, the LTW, is permitted!* You will receive points for sending as well as for completing a route in one or two hangs. When tabulating your score, apply the correct multiplier to the route's base value. See tables to the left.
